Xilin NS School Photo Policy

(Version 2013.07)

Permission agreement by parents

Sometimes the school takes photographs/videos of children either at school or when they are involved in organized activities away from the school. The school may use these photos/videos and images of children in school printed publications as well as on school website. To ensure that the school have updated photograph consent forms, I give permission for photographs/videos of my child to appear in school's printed publications and displays and school websites.. I understand that my decision on whether to give consent will remain valid throughout my child's time at school and one year after they leave, unless I notify school to the contrary in writing. The consent will automatically expire after this time. I promise that if I, or members of my family, take photos or video recordings of any school event, these will be kept for family use only.
